DESIGN  
INTERIOR AND EXTERIOR DESIGN HIGHLIGHTS.

**A bold statement from the get-go.**  
The new, impactful design of the single-section kidney grille elevates the high-performance look of the 4 Series Coupé M Performance model. The distinctive appearance draws attention to the front end of the model.

**Be seen better.**  
The new rear light design is distinctly recognisable by the vertical elements of the daytime driving lights. For the first time on the BMW 4 Series, the rear lights of BMW vehicles feature high-precision laser tail lights, optionally available with Adaptive LED headlights.

**Upholstery that radiates vitality.**  
The optional Black Colour Block Vernasca Leather with Red highlights emphasises the seat contours. At the same time, it imbues the interior with a sporty atmosphere.

TECHNOLOGIES  
CONNECTED TO THE WORLD. DIGITAL EXPERIENCES ON THE ROAD.

**Access all functions even more directly.**  
A new start screen with quicklist QuickSelect. With the BMW Operating System 8.5, your entertainment and contacts are just a touch away. Enjoy connecting to your car and all of its digital features via touch and voice.

**It doesn't just listen, it also thinks with you.**  
Enrich every drive with intelligent voice control. The BMW Intelligent Personal Assistant helps you with all topics concerning your BMW and your journeys together.

**Always up to date.**  
Check your vehicle's status, compare petrol station prices and arrange service appointments. The My BMW app is your decision link to your BMW.

ASSISTANCE SYSTEMS & CONNECTIVITY.

Driver Assistance   Connectivity

**More cameras for easier parking.**  
The Parking Assistant Plus<sup>1)</sup> provides an extensive overview when parking. Additional cameras available as <sup>2)</sup>3D view of <sup>3)</sup>

1) Adversarial feature provides driver assistance only. The driver must retain control of the vehicle at all times. Please note the optional add-on above is not a representation of real-life driving.  
2) Figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real-life driving results, which will depend upon a number of factors including the accessories fitted (pass-registered), windows in weather, driving styles, fuel type and vehicle load.
